Re: Project #1552

Dear Dr. Chauncey:

In response to your letter of September 15, addressed to Dr. Vincent Lisanti, we are pleased to inform you that The Council has approved a grant in the amount of $500.00 towards support of the Symposium on Clinical Geriatric Dentistry.

The primary mission of The Council is understood to be support of laboratory and clinical research along certain specific lines. Hence our contributions for meetings and conferences are relatively modest and restricted to subjects whose relevance to our current interests is considerable.

We hope that this modest donation will provide encouragement and moral support beyond its material value.

Sincerely yours,

R. C. H.

Robert C. Hockett, Ph.D.

Encl. Check # 21499 - $500.00
